All Graduates of the Professional Bartending School are nationally certified through the Techniques of Alcohol Management (TAM) Program. The TAM program is the long standing industry standard of national recognized alcohol server training programs for the responsible service of alcohol.

The TAM Program teaches Professional and Ethical Conduct while serving alcohol; Techniques for reducing alcohol/related accidents and incidents; Techniques for preventing the illegal sale of Alcoholic Beverages to minors.

The TAM Program training meets the certification requirements in many jurisdictions throughout the United States. For example, Maryland requires at least one employee to be certified. Montgomery, Howard, and Kent Counties, plus Annapolis City, Wicomico and Worcester Counties require a TAM certified staff member to be on the premise at all times when alcohol is served. Many states, counties, municipalities, and employers have similar mandatory certification requirements. TAM is the #1 such program in Maryland and widely used in Washington, D.C. and Virginia With tougher drunk driving laws than ever, TAM is a valuable asset for Maryland Restaurants. Mr. James Washington along with a representative from TAMs organization will be providing the instruction.

Class is limited to forty students. You must be 18 years of age and a resident of Somerset County.
